## **Independent Auditor's Report**

### **To the Members of Vivanza Biosciences Limited**

#### **Report on the Financial Statements**

We have audited the accompanying financial statements of **VIVANZA BIOSCIENCES LIMITED** ("the company"), which comprise the Balance Sheet as at 31<sup>st</sup> March 2018, the Statement of Profit and Loss, the Cash Flow Statement for the year then ended, and a summary of significant accounting policies and other explanatory information.

#### **Management's Responsibility for the Financial Statements**

The Company's Board of Directors is responsible for the matters in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014. This responsibility also includes the maintenance of adequate accounting records in accordance with the provision of the Act for safeguarding of the assets of the Company and for preventing and detecting the frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of internal financial control, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

#### **Auditor's Responsibility**

Our responsibility is to express an opinion on these financial statements based on our audit. We have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder.

We conducted our audit in accordance with the Standards on Auditing specified under section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the financial statements that give true and fair view in order to design audit procedures that are appropriate in

the circumstances. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of the accounting estimates made by Company's Directors, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the financial statements.

### **Matter of Emphasis:**

- The company has in past granted/ renewed loans and advances to other companies, which has been identified as non – performing asset. Accordingly, company has not recognized any income from the same. In the opinion of the directors, the process of recovery is going on and the same is not fully doubtful of recovery. However in our opinion company needs to make provision for such long outstanding non-performing assets amounting to Rs.59,33,061/-. Due to non-provision in this regard the debit balance of profit & loss account is under stated and the balance of loans and advances is over stated by the said sum. This matter been already emphasized by previous auditor.
- The company is still carrying Opening Balance of “P & P Expenses and issue related expenses” of Rs. 18,42,056/- as “Other Current Assets”, which in our opinion needs to be written off in Five Financial Years proportionately. And Due to the same expense is under stated in profit & loss account.

Our opinion is not qualified in respect of this matter.

### **Opinion**

In our opinion and to the best of our information and according to the explanations given to us, except for the effects of the matter described in the matter of emphasis paragraph above, the aforesaid financial statements, give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India;

- a) in the case of the Balance Sheet, of the state of affairs of the Company as at March 31, 2018;
- b) in the case of the Statement of Profit and Loss, of the Profit for the year ended on that date; and
- c) in the case of the Cash Flow Statement, of the cash flows for the year ended on that date.

### **Report on other Legal and Regulatory Requirements**

1. As required by the Companies (Auditor's Report) Order, 2016 (“the Order”) issued by the Central Government in terms of Section 143 (11) of the Act, we give in the Annexure a statement on the matters specified in paragraphs 3 and 4 of the Order.
2. As required by section 143(3) of the Act, we report that:
  - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
  - b) In our opinion proper books of account as required by law have been kept by the Company so far as appears from our examination of those books.

- c) The Balance Sheet, the Statement of Profit and Loss, and Cash Flow Statement dealt with by this Report are in agreement with the books of account.
- d) In our opinion, the aforesaid financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014), together with the early adoption by the Company of Accounting Standard (AS) 30 Financial Instruments, Recognition and Measurement, effective April 1, 2007, and the consequential limited revisions as has been announced by the Institute of Chartered Accountants of India to certain Accounting Standards, as stated in Note 2 (a) and 38.
- e) On the basis of written representations received from the directors as on 31<sup>st</sup> March, 2018, taken on record by the Board of Directors, none of the directors is disqualified as on 31 March, 2018, from being appointed as a director in terms of Section 164(2) of the Act.
- f) With respect to the other matters included in the Auditor's Report and to our best of our information and according to the explanations given to us:
- i. The Company does not have any pending litigations which would impact its financial position.
  - ii. The Company did not have any long-term contracts including derivatives contracts for which there were any material foreseeable losses.
  - iii. There is no amount required to be transferred, to the investor's education & Protection Fund by the Company.

## **Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)**

We have audited the internal financial controls over financial reporting of **M/S. Vivanza Biosciences Limited** (“the Company”) as of March 31, 2018 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

### **Management’s Responsibility for Internal Financial Controls**

The Company’s management is responsible for establishing and maintaining internal financial controls. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

### **Auditors’ Responsibility**

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls system over financial reporting.

## Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

## Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

## Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2018.

These are the Company’s first Ind AS financial statements. The date of transition to Ind AS is April 1, 2016. The comparative figures in the Balance Sheet as at March 31, 2017 and April 1, 2016 and Statement of Profit and Loss and Cash Flow Statement for the year ended March 31, 2017 have been restated accordingly. Accounting Policies have been consistently applied except where newly issued accounting standard is initially adopted or revision to the existing standards requires a change in the accounting policy hitherto in use. Management evaluates all recently issued or revised accounting standards on an on-going basis.

### **Property, plant and Equipment**

Property, plant and equipment are stated at acquisition cost net of tax / duty credit availed, less accumulated depreciation and accumulated impairment losses, if any. Properties in the course of construction are carried at cost, less any recognised impairment losses. All costs, including borrowing costs incurred up to the date the asset is ready for its intended use, is capitalised along with respective asset.

### **Transition to Ind AS**

For transition to Ind AS, the Company has opted to adopt the carrying value of all of its property, plant and equipment recognised as of April 1, 2016 (transition date) measured as per the previous GAAP and use that carrying value as its deemed cost as of the transition date.

### **Financial Instruments**

Financial assets and financial liabilities are recognised when an entity becomes a party to the contractual provisions of the instruments.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in profit or loss.

**Financial assets****Initial recognition and measurement**

All financial assets, are recognised initially at fair value.

**Financial liabilities and equity instruments****Classification as debt or equity**

Debt and equity instruments issued by the Company are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

**Equity instruments**

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by the Company are recognised at the proceeds received, net of direct issue costs.

**Financial liabilities**

All financial liabilities are measured at amortised cost using the effective interest method or at FVTPL.

**Financial liabilities at amortised cost**

Financial liabilities that are not held-for-trading and are not designated as at FVTPL are measured at amortised cost at the end of subsequent accounting periods. The carrying amounts of financial liabilities that are subsequently measured at amortised cost are determined based on the effective interest method. Interest expense that is not capitalised as part of costs of an asset is included in the 'Finance costs' line item.

Trade and other payables are recognised at the transaction cost, which is its fair value.

**Current versus non-current classification**

The Company presents assets and liabilities in the balance sheet based on current/ non-current classification. An asset is treated as current when it is:

- Expected to be realised or intended to be sold or consumed in normal operating cycle
- Held primarily for the purpose of trading
- Expected to be realised within twelve months after the reporting period, or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period

All other assets are classified as non-current.

A liability is current when:

- It is expected to be settled in normal operating cycle
- It is held primarily for the purpose of trading
- It is due to be settled within twelve months after the reporting period, or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period

### **Fair value measurement**

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the financial asset or settle the financial liability takes place either:

- In the principal market, or
- In the absence of a principal market, in the most advantageous market

The principal or the most advantageous market must be accessible by the Company.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use.

### **Revenue recognition**

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured, regardless of when the payment is being made. Revenue is measured at the fair value of the consideration received or receivable, taking into account contractually defined terms of payment and excluding taxes or duties collected on behalf of the government.

### **Borrowing costs**

Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are added to the cost of those assets, until such time as the assets are substantially ready for their intended use or sale. Interest income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation.

### **Taxation**

Tax on Income comprises current and deferred tax. It is recognised in statement of profit and loss except to the extent that it relates to a business combination, or items recognised directly in equity or in other comprehensive income.

**Current tax**

Tax on income for the current period is determined on the basis on estimated taxable income and tax credits computed in accordance with the provisions of the relevant tax laws and based on the expected outcome of assessments / appeals. Current income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

**Deferred tax**

Deferred tax is recognized for the future tax consequences of deductible temporary differences between the carrying values of assets and liabilities and their respective tax bases at the reporting date, using the tax rates and laws that are enacted or substantively enacted as on reporting date. Deferred tax assets are recognized to the extent that it is probable that future taxable income will be available against which the deductible temporary differences can be utilised. Deferred tax relating to items recognized outside the statement of profit and loss is recognized outside the statement of profit and loss, either in other comprehensive income or directly in equity. The carrying amount of deferred tax assets is reviewed at each reporting date.

**Earnings per share**

The Company presents basic and diluted earnings per share (EPS) data for its ordinary shares. Basic EPS is calculated by dividing the profit or loss attributable to the ordinary shareholders of the company by the weighted average number of ordinary shares outstanding during the period. Where ordinary shares are issued but not fully paid, they are treated in the calculation of basic earnings per share as a fraction of an ordinary share to the extent that they were entitled to participate in dividends during the period relative to a fully paid ordinary share. Diluted earnings per share is computed by dividing the net profit after tax by the weighted average number of equity shares considered for deriving basic EPS and also weighted average number of equity shares that could have been issued upon conversion of all dilutive potential equity shares. Dilutive potential equity shares are deemed converted as of the beginning of the period, unless issued at a later date. Dilutive potential equity shares are determined independently for each period presented.

**First Time Adoption of Ind AS**

The Company has prepared the opening standalone balance sheet as per Ind AS as of April 1, 2016 (the transition date) by recognising all assets and liabilities whose recognition is required by Ind AS, not recognising items of assets or liabilities which are not permitted by Ind AS, by reclassifying items from previous GAAP to Ind AS as required under Ind AS, and applying Ind AS in measurement of recognised assets and liabilities. However, this principle is subject to the certain mandatory exceptions under Ind AS 101 and certain optional exemptions permitted under Ind AS 101 availed by the Company as detailed below:

## 1. Mandatory exceptions to retrospective application of other Ind AS

### (a) Estimates

An entity's estimates in accordance with Ind AS at the date of transition to Ind AS shall be consistent with estimates made for the same date in accordance with Previous GAAP (after adjustments to reflect any differences in accounting policies) unless there is an objective evidence that those estimates were in error.

The company has not made any changes to estimates made in accordance with Previous GAAP.

### (b) Ind AS 109 - Financial Instruments (Derecognition of previously recognized Financial Assets/ Financial Liabilities)

An entity shall apply the derecognition requirements in Ind AS 109 prospectively for the transactions occurring on or after date of transition to Ind AS.

The Company has applied the derecognition requirements prospectively.

### (c) Ind AS 109 "Financial Instruments" (Classification and Measurement of Financial Assets/ Financial Liabilities)

Classification and measurement of Financial Assets shall be made on the basis of the facts and circumstances that exist at the date of transition to Ind AS.

The Company has evaluated the facts and circumstances existing on the date of transition to Ind AS for the purpose of classification and measurement of Financial Assets and accordingly has classified and measured financial assets on the date of transition.

### (d) Ind AS 109 "Financial Instruments" (Impairment of Financial Assets): Impairment requirements under

Ind AS 109 should be applied retrospectively based on reasonable and supportable information that is available on the date of transition without undue cost or effort.

The borrowings of the Company outstanding as at the transition date, consists of loans whose disbursements have taken place in multiple tranches in different financial years without interest. In some cases, The loans have been made in multiple instalments with each drawl to be treated as a separate transaction for the purpose of computing the amortised cost. Implementing the requirement of amortised cost retrospectively is impracticable and also the amount is expected to be immaterial and hence the Company has considered the fair value of the financial liability at the date of transition to Ind AS as new amortised cost of that financial liability at the date of transition to Ind AS i.e. 1 April 2016.

## 2. Optional exemptions

### (a) Deemed cost for property, plant and equipment, and intangible assets

Ind AS 101 permits a first-time adopter to opt to continue with the carrying value for all of its property, plant and equipment as recognised in the financial statements as at the date of transition to Ind AS, measured as per the previous GAAP and use that as its deemed cost as at the date of transition after making necessary adjustments for de-commissioning liabilities. This exemption can also be used for intangible assets covered by Ind AS 38 "Intangible Assets".

Accordingly, the Company has opted to measure all of its property, plant and equipment, and intangible assets at their previous GAAP carrying value.

## (b) Investments in subsidiaries, joint ventures and associates

IND AS 101 provides the option to the first-time adopter to account for its investments in subsidiaries, joint ventures and associates at either cost determined in accordance with IND AS 27 or in accordance with IND AS 109.

Accordingly, the Company has opted to measure such investments at cost in accordance with Ind AS 27.

## (c) Determining whether an arrangement contains a lease

The Company has applied Appendix C of Ind AS 17 Determining whether an Arrangement contains a Lease to determine whether an arrangement contains a lease on the basis of facts and circumstances existing at the transition date.

The Company has leases of land. The classification of each land as finance lease or operating lease at the date of transition to Ind AS is done based on the basis of facts and circumstances existing as at that date.

**Fair value hierarchy**

The following section explains the judgments and estimates made in determining the fair values of the financial instruments that are recognized and measured at fair value through profit or loss. To provide an indication about the reliability of the inputs used in determining fair value, the Company has classified its financial investments into the three levels prescribed under the accounting standard. An explanation of each level follows underneath the table.

**B. Fair value hierarchy for assets****Financial assets measured at fair value at March 31, 2018**

	Level 1	Level 2	Level 3	Total
<b>Financial Assets</b>				
Investment	-	25,010	-	25,010

**Financial assets measured at fair value at March 31, 2017**

	Level 1	Level 2	Level 3	Total
<b>Financial Assets</b>				
Investment	-	25,010	-	25,010

**Financial assets measured at fair value at April 1, 2017**

	Level 1	Level 2	Level 3	Total
<b>Financial Assets</b>				
Investment	-	25,010	-	25,010

**Notes:**

Level 1 hierarchy includes financial instruments measured using quoted prices (unadjusted) in active market for identical assets that the entity can access at the measurement date. This represents mutual funds that have price quoted by the respective mutual fund houses and are valued using the closing Net asset value (NAV).

Level 2 hierarchy includes the fair value of financial instruments measured using quoted prices for identical or similar assets in markets that are not active.

Level 3 if one or more of the significant inputs is not based on observable market data, the instrument is included in level 3. This is the case for unlisted compound instruments.

There are no transfers between any of these levels during the year. The Company's policy is to recognize transfers into and transfers out of fair value hierarchy levels as at the end of the reporting period.

**C. Fair value of financial assets and liabilities measured at amortized cost**

The Management has assessed that fair value of loans, trade receivables, cash and cash equivalents, other bank balances, other financial assets and trade payables approximate their carrying amounts largely due to their short term nature. Difference between carrying amount of Bank deposits, other financial assets, borrowings and other financial liabilities subsequently measured at amortised cost is not significant in each of the years presented.

For financial assets and liabilities that are measured at fair value, the carrying amounts are equal to the fair values.

### ➤ Financial risk management

The Company's board of directors has overall responsibility for the establishment and oversight of the Company's risk management framework. The board has established the Audit Committee, which is responsible for developing and monitoring the Company's risk management policies. The Committee holds regular meetings and report to board on its activities. The Company's risk management policies are established to identify and analyses the risks faced by the Company, to set appropriate risk limits and controls and to monitor risks and adherence to limits. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and the Company's activities. The Company, through its

training and management standards and procedures, aims to maintain a disciplined and constructive control environment in which all employees understand their roles and obligations.

The audit committee oversees how management monitors compliance with the Company's risk management policies and procedures, and reviews the adequacy of the risk management framework in relation to the risks faced by the Company. The audit committee is assisted in its oversight role by internal audit. Internal audit undertakes both regular and ad hoc reviews of risk management controls and procedures, the results of which are reported to the audit committee.

This note explains the sources of risk which the entity is exposed to and how the entity manages the risk.

Risk	Exposure arising from	Measurement	Management of risk
Credit Risk	Cash and cash equivalents, trade receivables, Financial assets measured at amortized cost.	Aging analysis	Diversification of funds to bank deposits, Liquid funds and Regular monitoring of credit limits
Liquidity Risk	Borrowings and other liabilities	Rolling cash flow forecasts	Availability of surplus cash, committed credit lines and borrowing facilities
Market Risk	Recognized financial assets and liabilities not denominated in Indian rupee	Cash flow forecasting sensitivity analysis	Regular monitoring to keep the net exposure at an acceptable level.
Price Risk	Investments in mutual funds	Credit ratings	Portfolio diversification and regular monitoring

#### (a) Credit risk

Credit risk is the risk of financial loss to the company if a customer or counterparty to a financial instrument fails to meet its contractual obligations. The company is exposed to the credit risk from its trade receivables, unbilled revenue, investments, cash and cash equivalents, bank deposits and other financial assets. The maximum exposure to credit risk is equal to the carrying value of the financial assets. The objective of managing counterparty credit risk is to prevent losses in financial assets.

### Trade Receivables

Trade receivables comprise a widespread customer base. Management evaluates credit risk relating to customers on an ongoing basis. If customers are independently rated, these ratings are used. Otherwise, if there is no independent rating, risk control assesses the credit quality of the customer, taking into account its financial position, past experience and other factors

For trade receivables, provision is provided by the company as per the below mentioned policy :

Particulars	Gross Carrying Amount	Expected credit losses rate (%)	Expected Credit Losses	Carrying amount of Trade Receivable
Considered for Goods				
0-12 Months	3,21,89,187	0	0	3,21,89,187
More than 1 Year	1,85,49,935	0	0	1,85,49,935
<b>Total</b>	<b>5,07,39,122</b>	<b>0</b>	<b>0</b>	<b>5,07,39,122</b>

### (b) Liquidity risk

Liquidity risk is the risk that the Company will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Company's approach to managing liquidity is to ensure, as far as possible, that it will have sufficient liquidity to meet its liabilities when they are due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Company's reputation.

#### Liquidity Table

The Company's remaining contractual maturity for its non-derivative financial liabilities with agreed repayment periods is given below. The tables have been drawn up based on the undiscounted cash flows of financial liabilities based on the earliest date on which the Company can be required to pay. The tables include both interest and principal cash flows. The contractual maturity is based on the earliest date on which the Company may be required to pay.

<b>Total financial liabilities</b>	<b>3,20,37,187</b>	-	<b>3,20,37,187</b>

**(c) Market Risk**

Market risk is the risk arising from changes in market prices – such as foreign exchange rates and interest rates – will affect the Company's income or the value of its holdings of financial instruments. The Company is exposed to market risk primarily related to interest rate risk and the market value of the investments. Thus, the exposure to market risk is a function of investing and borrowing activities

**- Interest rate risk**

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates.

Most of the Company's borrowings are on a floating rate of interest. The Company has exposure to interest rate risk, arising principally on changes in Marginal Cost of Funds based Lending Rate (MCLR). The Company uses a mix of interest rate sensitive financial instruments to manage the liquidity and fund requirements for its day to day operations like short term credit lines besides internal accruals.

The exposures of the Company's financial assets / liabilities at the end of the reporting period are as follows:

<b>Particulars</b>	<b>As at March 31, 2018</b>	<b>As at March 31, 2017</b>	<b>As at April 1, 2016</b>
Floating Rate Borrowings	3,04,30,920	2,64,77,783	-

**(d) Price Risk****Exposure**

The Company's exposure to securities price risk arises from investments held in mutual funds and classified in the balance sheet at fair value through profit or loss. To manage its price risk arising from such investments, the Company diversifies its portfolio. Further these are all debt base securities for which the exposure is primarily on account of interest rate risk. Quotes (NAV) of these investments are available from the mutual fund houses. Profit for the year would increase/decrease as a result of gains/losses on these securities classified as at fair value through profit or loss.

**➤ Reconciliation between previous GAAP and Ind AS**

Ind AS 101 requires an entity to reconcile equity, total comprehensive income and cash flows for prior periods. The following tables represent the reconciliations from previous GAAP to Ind AS.

## Notes to reconciliation between Indian GAAP and Ind AS

## (i) Revenue Recognition

Under Indian GAAP revenue is disclosed net of excise duty. However under Ind AS revenue is disclosed including excise duty.

## (ii) Amortisation of processing charges

Under Indian GAAP ancillary cost of borrowing is recognised as expense or capitalized (in case of qualifying asset) in the year in which it is incurred. Under Ind AS the ancillary cost of borrowing is expensed or capitalised at effective interest rate over the period of loan.

➤ **Others**

- In opinion of the management of the company, all loans, advances and deposits are recoverable thus there is no need to make any provision thereon. However in the opinion of the auditors, it shall be prudent to make sufficient provision for such non-performing assets amounting to Rs. 59,33,061/-.

- Balance Sheet is still carrying Opening Balance of "P & P Expenses and issue related expenses" of Rs. 18,42,056/- as "Other Current Assets", which in our opinion needs to be written off in Five Financial Years proportionately. And Due to the same expense is under stated in profit & loss account.
- Balance of sundry debtors and creditors, loans and advances accepted and given in the balance sheet are subject to confirmation.
- As informed by the management that the loans are interest free, which in our opinion is violation of Section 186 (7) of the Companies Act, 2013.
- Above Disclosure is made after taking into account the principle of materiality.
- In the events of non-availability of suitable supporting vouchers, Directors have given us certificate that these expenses are incurred mainly for the business activities of the company.
- Balance with Scheduled bank CBI for Rs. 1700/- is subject to confirmation as no details been produced before us for the same.
- The previous year's figures have been reworked, regrouped, rearranged and reclassified wherever necessary. Amounts and other disclosures for the preceding year are included as an integral part of the current year financial statements and are to be read in relation to the amounts and other disclosures relating to the current year.

## **Independent Auditor's Report,**

### ***To the Members of Vivanza Biosciences Limited***

#### ***Report on the Financial Statements***

We have audited the accompanying financial statements of **VIVANZA BIOSCIENCES LIMITED** ("the company"), and its Subsidiary (the Company and its subsidiary constitute "the Group"), which comprise the Consolidated Balance Sheet as at 31<sup>st</sup> March 2018, the Consolidated Statement of Profit and Loss, and also the Consolidated Cash Flow Statement for the year then ended, and a summary of significant accounting policies and other explanatory information. (Hereinafter referred to as Consolidated Financial Statements)

#### ***Management's Responsibility for the Financial Statements***

The Holding Company's Board of Directors is responsible for the preparation of these Consolidated financial statements in terms of the requirements of the Companies Act, 2013 (hereinafter referred to as "the Act") that give a true and fair view of the Consolidated financial position, Consolidated financial performance and Consolidated cash flows of the Group in accordance with the Accounting principles generally accepted in India, including the Accounting Standards specified under section 133 of the Act, read with the Companies (Indian Accounting Standards) Rules, 2015. The respective Board of the Directors of the Companies included in the Group are responsible for maintenance of adequate accounting records in accordance with the provision of the Act for safeguarding the assets of the group and for preventing and detecting frauds and other irregularities; the selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for the ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Holding Company, as aforesaid.

#### ***Auditor's Responsibility***

Our responsibility is to express an opinion on these Consolidated financial statements based on our audit. We have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made there under.

We conducted our audit in accordance with the Standards on Auditing specified under section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the financial statements that give true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of the accounting estimates made by Company's Directors, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the financial statements.

***Matter of Emphasis:***

- The company has in past granted/ renewed loans and advances to other companies, which has been identified as non – performing asset. Accordingly, company has not recognized any income from the same. In the opinion of the directors, the process of recovery is going on and the same is not fully doubtful of recovery. However in our opinion company needs to make provision for such long outstanding non-performing assets amounting to Rs.59,33,061/-. Due to non-provision in this regard the debit balance of profit & loss account is under stated and the balance of loans and advances is over stated by the said sum. This matter been already emphasized by previous auditor.
- The company is still carrying Opening Balance of "P & P Expenses and issue related expenses" of Rs. 18,42,056/- as "Other Current Assets", which in our opinion needs to be written off in Five Financial Years proportionately. And Due to the same expense is under stated in profit & loss account.

Our opinion is not qualified in respect of this matter.

***Opinion***

In our opinion and to the best of our information and according to the explanations given to us, except for the effects of the matter described in the matter of emphasis paragraph above, the aforesaid Consolidated financial statements, give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India;

- a) in the case of the Balance Sheet, of the state of affairs of the Company as at March 31, 2018;
- b) in the case of the Statement of Profit and Loss, of the Profit for the year ended on that date; and
- c) in the case of the Cash Flow Statement, of the cash flows for the year ended on that date.

***Report on other Legal and Regulatory Requirements***

1. As required by the Companies (Auditor's Report) Order, 2016 ("the Order") issued by the Central Government in terms of Section 143 (11) of the Act, we give in the Annexure a statement on the matters specified in paragraphs 3 and 4 of the Order.

2. As required by section 143(3) of the Act, we report that:
- a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
  - b) In our opinion proper books of account as required by law have been kept by the Company so far as appears from our examination of those books.
  - c) The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss, and Consolidated Cash Flow Statement dealt with by this Report are in agreement with the books of account maintained for the purpose of preparation of the consolidated financial statements.
  - d) In our opinion, the aforesaid consolidated financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Companies (Indian Accounting Standard) Rules, 2015, as amended;
  - e) On the basis of written representations received from the directors as on 31<sup>st</sup> March, 2018, taken on record by the Board of Directors, none of the directors is disqualified as on 31 March, 2018, from being appointed as a director in terms of Section 164(2) of the Act.
  - f) With respect to the other matters included in the Auditor's Report and to our best of our Information and according to the explanations given to us:
    - i. The Company does not have any pending litigations which would impact its financial position.
    - ii. The Company did not have any long-term contracts including derivatives contracts for which there were any material foreseeable losses.
    - iii. There is no amount required to be transferred, to the investor's education & Protection Fund by the Company.

***Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)***

In conjunction with our audit of the consolidated financial statements of the Company as of and for the year ended March 31, 2018, we have audited the internal financial controls over financial reporting of **M/s Vivanza Biosciences Limited** (hereinafter referred to as “the Holding Company”) and its subsidiary companies, which are companies incorporated in India, as of that date.

***Management’s Responsibility for Internal Financial Controls***

The respective Board of Directors of the Holding company, its subsidiary companies, which are companies incorporated in India, are responsible for establishing and maintaining internal financial controls based on, “internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI)”. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

***Auditors’ Responsibility***

Our responsibility is to express an opinion on the Company’s internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) issued by the ICAI and the Standards on Auditing deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of internal financial controls and both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors in terms of their report referred to in the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls system over financial reporting.

***Meaning of Internal Financial Controls over Financial Reporting***

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements. Inherent Limitations of Internal Financial Controls over Financial Reporting

***Inherent Limitations of Internal Financial Controls over Financial Reporting***

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

***Opinion***

In our opinion, the Holding Company and its subsidiary companies, which are companies incorporated in India, have, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2018, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

***Matters***

Our aforesaid reports under Section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls over financial reporting in so far as it relates to a jointly controlled entity which is a company incorporated in India, is based on the corresponding reports of the auditors of such entity incorporated in India. Our opinion is not qualified in respect of this matter.

- (a) The financial statements of the Holding Company and its subsidiaries are combined on a line by line basis by adding together like items of assets, liabilities, equity, incomes, expenses and cash flows, after fully eliminating intra-group balances and intra-group transactions.
- (b) Profits or losses resulting from intra-group transactions that are recognized in assets, such as Inventory and Property, Plant and Equipment, are eliminated in full.
- (c) Goodwill represents the difference between the Company’s share in the net worth of subsidiaries and the cost of acquisition at each point of time of making the investment in the subsidiaries.
- (d) The Consolidated Financial Statements have been prepared using uniform accounting policies for like transactions and other events in similar circumstances.

### ***Property, plant and Equipment***

Property, plant and equipment are stated at acquisition cost net of tax / duty credit availed, less accumulated depreciation and accumulated impairment losses, if any. Properties in the course of construction are carried at cost, less any recognized impairment losses. All costs, including borrowing costs incurred up to the date the asset is ready for its intended use, is capitalized along with respective asset.

### ***Transition to Ind AS***

For transition to Ind AS, the Company has opted to adopt the carrying value of all of its property, plant and equipment recognised as of April 1, 2016 (transition date) measured as per the previous GAAP and use that carrying value as its deemed cost as of the transition date.

**Financial Instruments**

Financial assets and financial liabilities are recognized when an entity becomes a party to the contractual provisions of the instruments.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognized immediately in profit or loss.

**Financial assets****Initial recognition and measurement**

All financial assets, are recognized initially at fair value.

**Financial liabilities and equity instruments****Classification as debt or equity**

Debt and equity instruments issued by the Company are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

**Equity instruments**

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by the Company are recognized at the proceeds received, net of direct issue costs.

**Financial liabilities**

All financial liabilities are measured at amortized cost using the effective interest method or at FVTPL.

**Financial liabilities at amortized cost**

Financial liabilities that are not held-for-trading and are not designated as at FVTPL are measured at amortized cost at the end of subsequent accounting periods. The carrying amounts of financial liabilities that are subsequently measured at amortised cost are determined based on the effective interest method. Interest expense that is not capitalised as part of costs of an asset is included in the 'Finance costs' line item.

Trade and other payables are recognised at the transaction cost, which is its fair value.

***Current versus non-current classification***

The Company presents assets and liabilities in the balance sheet based on current/ non-current classification. An asset is treated as current when it is:

- Expected to be realised or intended to be sold or consumed in normal operating cycle
- Held primarily for the purpose of trading
- Expected to be realised within twelve months after the reporting period, or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period

All other assets are classified as non-current.

A liability is current when:

- It is expected to be settled in normal operating cycle
- It is held primarily for the purpose of trading
- It is due to be settled within twelve months after the reporting period, or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period

***Fair value measurement***

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the financial asset or settle the financial liability takes place either:

- In the principal market, or
- In the absence of a principal market, in the most advantageous market

The principal or the most advantageous market must be accessible by the Company.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use.

***Revenue recognition***

Revenue is recognized to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured, regardless of when the payment is being made. Revenue is measured at the fair value of the consideration received or receivable, taking into account contractually defined terms of payment and excluding taxes or duties collected on behalf of the government.

***Borrowing costs***

Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are added to the cost of those assets, until such time as the assets are substantially ready for their intended use or sale. Interest income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalization.

***Taxation***

Tax on Income comprises current and deferred tax. It is recognized in statement of profit and loss except to the extent that it relates to a business combination, or items recognized directly in equity or in other comprehensive income.

***Current tax***

Tax on income for the current period is determined on the basis on estimated taxable income and tax credits computed in accordance with the provisions of the relevant tax laws and based on the expected outcome of assessments / appeals. Current income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

***Deferred tax***

Deferred tax is recognized for the future tax consequences of deductible temporary differences between the carrying values of assets and liabilities and their respective tax bases at the reporting date, using the tax rates and laws that are enacted or substantively enacted as on reporting date. Deferred tax assets are recognized to the extent that it is probable that future taxable income will be available against which the deductible temporary differences can be utilized. Deferred tax relating to items recognized outside the statement of profit and loss is recognized outside the statement of profit and loss, either in other comprehensive income or directly in equity. The carrying amount of deferred tax assets is reviewed at each reporting date

***Earnings per share***

The Company presents basic and diluted earnings per share (EPS) data for its ordinary shares. Basic EPS is calculated by dividing the profit or loss attributable to the ordinary shareholders of the company by the weighted average number of ordinary shares outstanding during the period. Where ordinary shares are issued but not fully paid, they are treated in the calculation of basic earnings per share as a fraction of an ordinary share to the extent that they were entitled to participate in dividends during the period relative to a fully paid ordinary share. Diluted earnings per share is computed by dividing the net profit after tax by the weighted average number of equity shares considered for deriving basic EPS and also weighted average number of equity shares that could have been issued upon conversion of all dilutive potential

equity shares. Dilutive potential equity shares are deemed converted as of the beginning of the period, unless issued at a later date. Dilutive potential equity shares are determined independently for each period presented.

### ***First Time Adoption of Ind AS***

The Company has prepared the opening standalone balance sheet as per Ind AS as of April 1, 2016 (the transition date) by recognising all assets and liabilities whose recognition is required by Ind AS, not recognising items of assets or liabilities which are not permitted by Ind AS, by reclassifying items from previous GAAP to Ind AS as required under Ind AS, and applying Ind AS in measurement of recognised assets and liabilities. However, this principle is subject to the certain mandatory exceptions under Ind AS 101 and certain optional exemptions permitted under Ind AS 101 availed by the Company as detailed below:

#### ***1. Mandatory exceptions to retrospective application of other Ind AS***

##### ***(a) Estimates***

An entity's estimates in accordance with Ind AS at the date of transition to Ind AS shall be consistent with estimates made for the same date in accordance with Previous GAAP (after adjustments to reflect any differences in accounting policies) unless there is an objective evidence that those estimates were in error.

The company has not made any changes to estimates made in accordance with Previous GAAP.

##### ***(b) Ind AS 109 - Financial Instruments (Derecognition of previously recognized Financial Assets/ Financial Liabilities)***

An entity shall apply the derecognition requirements in Ind AS 109 prospectively for the transactions occurring on or after date of transition to Ind AS.

The Company has applied the derecognition requirements prospectively.

##### ***(c) Ind AS 109 "Financial Instruments" (Classification and Measurement of Financial Assets/ Financial Liabilities)***

Classification and measurement of Financial Assets shall be made on the basis of the facts and circumstances that exist at the date of transition to Ind AS.

The Company has evaluated the facts and circumstances existing on the date of transition to Ind AS for the purpose of classification and measurement of Financial Assets and accordingly has classified and measured financial assets on the date of transition.

##### ***(d) Ind AS 109 "Financial Instruments" (Impairment of Financial Assets): Impairment requirements under***

Ind AS 109 should be applied retrospectively based on reasonable and supportable information that is available on the date of transition without undue cost or effort.

The borrowings of the Company outstanding as at the transition date, consists of loans whose disbursements have taken place in multiple tranches in different financial years without

Charging interest. In some cases, the rate of interest on the loans are variable in nature and drawl of the loans have been made in multiple instalments with each drawl to be treated as a separate transaction for the purpose of computing the amortised cost. Implementing the requirement of amortised cost retrospectively is impracticable and also the amount is expected to be immaterial and hence the Company has considered the fair value of the financial liability at the date of transition to Ind AS as new amortised cost of that financial liability at the date of transition to Ind AS i.e. 1 April 2016.

## **2. Optional exemptions**

### **(a) Deemed cost for property, plant and equipment, and intangible assets**

Ind AS 101 permits a first-time adopter to opt to continue with the carrying value for all of its property, plant and equipment as recognised in the financial statements as at the date of transition to Ind AS, measured as per the previous GAAP and use that as its deemed cost as at the date of transition after making necessary adjustments for decommissioning liabilities. This exemption can also be used for intangible assets covered by Ind AS 38 "Intangible Assets".

Accordingly, the Company has opted to measure all of its property, plant and equipment, and intangible assets at their previous GAAP carrying value.

### **(b) Investments in subsidiaries, joint ventures and associates**

IND AS 101 provides the option to the first-time adopter to account for its investments in subsidiaries, joint ventures and associates at either cost determined in accordance with IND AS 27 or in accordance with IND AS 109.

Accordingly, the Company has opted to measure such investments at cost in accordance with Ind AS 27.

### **(c) Determining whether an arrangement contains a lease**

The Company has applied Appendix C of Ind AS 17 Determining whether an Arrangement contains a Lease to determine whether an arrangement contains a lease on the basis of facts and circumstances existing at the transition date.

The Company has leases of land. The classification of each land as finance lease or operating lease at the date of transition to Ind AS is done based on the basis of facts and circumstances existing as at that date.

### Fair value hierarchy

The following section explains the judgments and estimates made in determining the fair values of the financial instruments that are recognized and measured at fair value through profit or loss. To provide an indication about the reliability of the inputs used in determining fair value, the Company has classified its financial investments into the three levels prescribed under the accounting standard. An explanation of each level follows underneath the table.

#### B. Fair value hierarchy for assets

##### Financial assets measured at fair value at March 31, 2018

	Level 1	Level 2	Level 3	Total
<b>Financial Assets</b>				
Investment	-	25,010	-	25,010

##### Financial assets measured at fair value at March 31, 2017

	Level 1	Level 2	Level 3	Total
<b>Financial Assets</b>				
Investment	-	25,010	-	25,010

##### Financial assets measured at fair value at April 1, 2017

	Level 1	Level 2	Level 3	Total
<b>Financial Assets</b>				
Investment	-	25,010	-	25,010

#### Notes:

Level 1 hierarchy includes financial instruments measured using quoted prices (unadjusted) in active market for identical assets that the entity can access at the measurement date.

This represents mutual funds that have price quoted by the respective mutual fund houses and are valued using the closing Net asset value (NAV).

Level 2 hierarchy includes the fair value of financial instruments measured using quoted prices for identical or similar assets in markets that are not active.

Level 3 if one or more of the significant inputs is not based on observable market data, the instrument is included in level 3. This is the case for unlisted compound instruments.

There are no transfers between any of these levels during the year. The Company's policy is to recognize transfers into and transfers out of fair value hierarchy levels as at the end of the reporting period.

### **C. Fair value of financial assets and liabilities measured at amortized cost**

The Management has assessed that fair value of loans, trade receivables, cash and cash equivalents, other bank balances, other financial assets and trade payables approximate their carrying amounts largely due to their short term nature. Difference between carrying amount of Bank deposits, other financial assets, borrowings and other financial liabilities subsequently measured at amortised cost is not significant in each of the years presented.

For financial assets and liabilities that are measured at fair value, the carrying amounts are equal to the fair values.

### ➤ **Financial risk management**

The Company's board of directors has overall responsibility for the establishment and oversight of the Company's risk management framework. The board has established the Audit Committee, which is responsible for developing and monitoring the Company's risk management policies. The Committee holds regular meetings and report to board on its activities. The Company's risk management policies are established to identify and analyse the risks faced by the Company, to set appropriate risk limits and controls and to monitor risks and adherence to limits. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and the Company's activities. The Company, through its training and management standards and procedures, aims to maintain a disciplined and constructive control environment in which all employees understand their roles and obligations.

The audit committee oversees how management monitors compliance with the Company's risk management policies and procedures, and reviews the adequacy of the risk management framework in relation to the risks faced by the Company. The audit committee is assisted in its oversight role by internal audit. Internal audit undertakes both regular and ad hoc reviews of risk management controls and procedures, the results of which are reported to the audit committee.

This note explains the sources of risk which the entity is exposed to and how the entity manages the risk.

<b>Risk</b>	<b>Exposure arising from</b>	<b>Measurement</b>	<b>Management of risk</b>
Credit Risk	Cash and cash equivalents, trade receivables, Financial assets measured at amortized cost.	Aging analysis	Diversification of funds to bank deposits, Liquid funds and Regular monitoring of credit limits
Liquidity Risk	Borrowings and other liabilities	Rolling cash flow	Availability of surplus cash, committed credit

		forecasts	lines and borrowing facilities
--	--	-----------	--------------------------------

**(a) Credit risk**

Credit risk is the risk of financial loss to the company if a customer or counterparty to a financial instrument fails to meet its contractual obligations. The company is exposed to the credit risk from its trade receivables, unbilled revenue, investments, cash and cash equivalents, bank deposits and other financial assets. The maximum exposure to credit risk is equal to the carrying value of the financial assets. The objective of managing counterparty credit risk is to prevent losses in financial assets.

**Trade Receivables**

Trade receivables comprise a widespread customer base. Management evaluates credit risk relating to customers on an ongoing basis. If customers are independently rated, these ratings are used. Otherwise, if there is no independent rating, risk control assesses the credit quality of the customer, taking into account its financial position, past experience and other factors

For trade receivables, provision is provided by the company as per the below mentioned policy :

Particulars	Gross Carrying Amount	Expected credit losses rate (%)	Expected Credit Losses	Carrying amount of Trade Receivable
Considered for Goods				
0-12 Months	3,21,89,187	0	0	3,21,89,187
More than 1 Year	1,85,49,935	0	0	1,85,49,935
<b>Total</b>	<b>5,07,39,122</b>	<b>0</b>	<b>0</b>	<b>5,07,39,122</b>

**(b) Liquidity risk**

Liquidity risk is the risk that the Company will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Company's approach to managing liquidity is to ensure, as far as possible, that it will have sufficient liquidity to meet its liabilities when they are due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Company's reputation.

**Liquidity Table**

The Company's remaining contractual maturity for its non-derivative financial liabilities with agreed repayment periods is given below. The tables have been drawn up based on the undiscounted cash flows of financial liabilities based on the earliest date on which the Company can be required to pay. The tables include both interest and principal cash flows. The contractual maturity is based on the earliest date on which the Company may be required to pay.

<b>Total financial liabilities</b>	<b>3,20,37,187</b>	<b>36,50,712</b>	<b>3,56,87,899</b>

**(c) Market Risk**

Market risk is the risk arising from changes in market prices – such as foreign exchange rates and interest rates – will affect the Company's income or the value of its holdings of financial instruments. The Company is exposed to market risk primarily related to interest rate risk and the market value of the investments. Thus, the exposure to market risk is a function of investing and borrowing activities

**- Interest rate risk**

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates.

Most of the Company's borrowings are on a floating rate of interest. The Company has exposure to interest rate risk, arising principally on changes in Marginal Cost of Funds based Lending Rate (MCLR).

The exposures of the Company's financial assets / liabilities at the end of the reporting period are as follows:

<b>Particulars</b>	<b>As at March 31, 2018</b>	<b>As at March 31, 2017</b>	<b>As at April 1, 2016</b>
Floating Rate Borrowings	3,04,30,920	2,64,77,783	-

**(d) Price Risk****Exposure**

The Company's exposure to securities price risk arises from investments held in mutual funds and classified in the balance sheet at fair value through profit or loss. To manage its price risk arising from such investments, the Company diversifies its portfolio. Further these are all debt base securities for which the exposure is primarily on account of interest rate risk. Quotes (NAV) of these investments are available from the mutual fund houses. Profit for the year would increase/decrease as a result of gains/losses on these securities classified as at fair value through profit or loss.

➤ **Reconciliation between previous GAAP and Ind AS**

Ind AS 101 requires an entity to reconcile equity, total comprehensive income and cash flows for prior periods. The following tables represent the reconciliations from previous GAAP to Ind AS.

**Reconciliation of equity as on March 31, 2017**

**Notes to reconciliation between Indian GAAP and Ind AS**

(i) Revenue Recognition

Under Indian GAAP revenue is disclosed net of excise duty. However under Ind AS revenue is disclosed including excise duty.

## (ii) Amortisation of processing charges

Under Indian GAAP ancillary cost of borrowing is recognised as expense or capitalized ( in case of qualifying asset) in the year in which it is incurred. Under Ind AS the ancillary cost of borrowing is expensed or capitalised at effective interest rate over the period of loan.

➤ **Others**

- In opinion of the management of the company, all loans, advances and deposits are recoverable thus there is no need to make any provision thereon. However in the opinion of the auditors, it shall be prudent to make sufficient provision for such non-performing assets amounting to Rs. 59,33,061/-.
- Balance Sheet is still carrying Opening Balance of "P & P Expenses and issue related expenses" of Rs. 18,42,056/- as "Other Current Assets", which in our opinion needs to be written off in Five Financial Years proportionately. And Due to the same expense is under stated in profit & loss account.
- Balance of sundry debtors and creditors, loans and advances accepted and given in the balance sheet are subject to confirmation.
- As informed by the management that the loans are interest free, which in our opinion is violation of Section 186 (7) of the Companies Act, 2013.
- Above Disclosure is made after taking into account the principle of materiality.
- In the events of non-availability of suitable supporting vouchers, Directors have given us certificate that these expenses are incurred mainly for the business activities of the company.
- Balance with Scheduled bank CBI for Rs. 1700/- is subject to confirmation as no details been produced before us for the same.
- The previous year's figures have been reworked, regrouped, rearranged and reclassified wherever necessary. Amounts and other disclosures for the preceding year are included as an integral part of the current year financial statements and are to be read in relation to the amounts and other disclosures relating to the current year.
